Robin Bayley grew up in Yorkshire then moved to London and worked in advertising and television, before a family story took over his life. As a child, he'd been enchanted by his grandmother's tales of her father's adventures in Mexico, so he set out to follow in his footsteps.

The Mango Orchard is the story of parallel journeys a century apart. Despite little information to go on, Bayley went in search of information on his great-grandfather, Arthur 'Arturo' Greenhalgh, and ultimately discovered the truth behind the family stories of bandits, wild jungle journeys,

In the course of this quest, Bayley meets modern-day bandits, witches and an ex-Nazi diamond trader; is threatened with deportation; and falls in love with a beautiful Guatemalan girl. This stirring book melds travel, adventure and family history together, into a rich, engaging and enjoyable whole. ■
